

# Where is my SD Card Reader?

If you are using a modern desktop computer or laptop, your platform should have a in-built SD card reader. If you cannot find it or need an SD card reader, follow the steps below:

1

## Locating your in-built SD card reader

### For Laptops:

Look at the front and sides of the keyboard of your laptop computer for a slot labeled “SD”.

### For Desktop Computers:

Look at the front of the tower of your desktop computer for a slot labeled “SD”.

### I can't find it:

If you cannot find the SD card reader, please proceed to step 2.

### I've found it!

Please return to the website and continue the steps on how to get your map update.

2

## Still unable to find it?

On your laptop or desktop computer:

1. Locate “Device Manager” on your computer.  
Tip: Use the “Search” function to find this
2. Look for a device labeled “SD host adapter” or “Smart Card Reader” (or similar).
3. Do you see this device label?

### If Yes:

Please go back to (1) to locate your SD card reader.

### If No:

Please proceed to step 3.

3

## I don't have a SD card reader

**MY2012 - MY2014 inc MY2015 WRX & WRX STI:**
